

FREE PUMPKIN TEMPLATES

Directions:

Print template. If you prefer smaller or larger image, use copier to shrink or enlarge. Cut generous circle around pumpkin stem and remove. With a large wooden spoon, clean out seeds. Wet template and smooth onto pumpkin. After it dries, tape template in place. Use a nail or pumpkin poker (sold in carving kits) to trace out design. Holes should be about 1/8th inch apart. Remove template and rub flour over holes, to make them more visible. Cut out design with serrated knife. Put candle inside pumpkin and replace top.
